

Support people with complex needs experiencing homelessness and harm related to alcohol and other drug use through

- Collaborative partnerships
- Housing first principles
- Advocating for systemic change
- Culturally responsive practices
- Trauma-informed practices
- Continuous quality improvement

This will allow us to deliver a comprehensive range of services including...

- Advocacy
- Early intervention
- Case management
- Holistic support
- Crisis accommodation
- Transitional housing
- Tenancy support
- Outreach
- Alcohol and Other Drug Programs
- Physical and mental health support

This will lead to...

A significant reduction in homelessness and harm associated with alcohol and other drug use

People experiencing complex disadvantage living healthier, safer, more connected and fulfilling lives

A more equitable and inclusive society where everyone has the skills and opportunity to thrive and achieve their goals

Which will...

Create a better future for people experiencing complex disadvantage

WHY ARE WE DIFFERENT

Dedicated to championing the hardest journeys

Deeply connected to our communities

Guided by secular principles

Driven by diversity

Committed to a holistic care approach

Intentionally inclusive

Integrated homelessness and AOD services
